HOMOZYGOUS POLLED!

- ★ 100% pigmentation
- ★ Resolve was the \$42,500 high selling bull of the December 2020 Knoll Crest Farm Bull Sale to the Trans Tazman Hereford Group in New Zealand.
- ★ This ultra-complete bull truly checks all the boxes. No other animal in the breed comes close to matching his elite level of calving ease, growth and carcass merit. If you add his top 1% rankings for every index and both udder traits, he becomes more unique.
- ★ G595 earned individual ratios of 98 BWR, 117 WWR, 111 YWR, 137 IMF, 116 REA. His stout made, easy fleshing, freckle faced dam has been a stellar producer with 3 calves at 97 BWR, 3 at 116 WWR, 3 at 111 YWR, 1 at 137 IMF, 1 at 116 REA. This cow line consistently adds fertility, udder quality, stoutness and strong performance. A flush from C422 topped the recent Hereford Research Foundation fundraising auction at \$15,000.
- ★ G595 has ideal feet, structural integrity, is very docile, slick haired and dark red.

HOMOZYGOUS POLLED!

- ★ B279 is a unique breeding tool and was the most heavily used sire at Knoll Crest Farm in 2020. He delivers the strongest combination of birth to growth spread, scrotal, udder traits, carcass merit and index values available in the breed today.
- ★ Typically, his progeny are dark red, pigmented and exhibit lots of style and muscle shape.
- ★ His dam is a unique cow with respect to her ability to produce calving ease, thickness, moderate stature, carcass merit, fertility, udder quality and phenotype.

- ★ Gateway was the standout of his calf crop and is maturing into a powerful herd sire. His dam is a full sister to KCF Bennett Trust B279 and likely the most ideal cow at Knoll Crest.
- ★ Gateway's maternal brother was the \$40,000 second high seller of the December 2020 Knoll Crest Farm sale.
